DODGE CITY COMMUNITY COLLEGE

Fall 1992 Day and Night Classes Begin August 17, 1992

Required Testing:

All first-time, full-time students at Dodge City Community College are required to take the ASSET Test Prior to beginning classwork. The results are used primarily to place incoming students in the most appropriate level of English, math and reading courses. This is so that you will be successful in your classwork right from the beginning. We want all our students to be successful and we want to do everything we can to insure the best opportunities. Most students take this exam in advance, but for those who have not yet taken the ASSET, it will be administered in the Santa Fe Room in the Student Center on campus, **Saturday, August 15th, beginning at 8:00 a.m.**

Registration For Fall Classes, Pay Bills, Take I.D. Pictures:

Faculty Advisors, Student Services staff and Business Office staff will be available in the Student Center Ballroom (second floor) on **Saturday, August 15th from 9:00 a.m. to 12:00 noon** to assist those incoming students wishing to register for All classes, pay tuition-fees and housing bills, and have their I.D. picture taken. The campus Bookstore and the Financial Aid Office will also be open on this day from 9:00 a.m. until 3:00 p.m.

Students who have already completed the ASSET Test, have registered for the Fall classes, paid their tuition and fees and have had their I.D. picture taken, **need not attend** the Saturday morning session.

Tuition and fee payments for the Fall Semester are due in the College Business Office by **August 17, 1992.** Pre-enrollment in specific classes is not guaranteed unless payment is received by this date. This is only fair to all students as some sections fill up early and waiting lists are established for those seeking specific sections due to their scheduled classes or commitments. Payments may be made by mail or in person to:

➤ Student Financial Aid:

Most student attending Dodge City Community College benefit from some kind of student financial aid. However, no financial aid can be issued without the student making application. The application process is really not all that difficult, but does take some time to process. Financial aid checks are not issued until about October 15, 1992. For those who have made application for financial aid and have had their paperwork processed in advance, the College Financial Aid Office issues "**delayed payment**" authorizations to eligible students to permit these student to complete their enrollment and begin attending classes. The Financial Aid Office will be open per the following schedule to issue these "delayed payment" authorizations to eligible students:

✓ Payment Plans:

Generally, all students are expected to make tuition, fees, residence hall and other payments by cash, check or credit card (Mastercard or Visa) at the beginning of the semester in which enrolling and prior to the first day of classes. For those students awaiting financial aid, a provision for delayed payment is indicated above under Student Financial Aid. If a prospective student believes that there are specific circumstances which prohibit making any of these payments at the designated times, he/she may seek special consideration by talking with the Business Office Personnel. In certain circumstances a delayed payment authorization will be granted, but will require the student to sign a promissory note and a written plan for payments to meet the anticipated charges. Anyone who believes he/she has a "special case" should meet with the Business Office Personnel as early as possible and prior to the first day of classes. While courses at DCCC are inexpensive, these classes cannot be provided free of charge!
